2017

HELLO CHILDREN - HAPPY EASTER!

We hope you will have fun and enjoy an Easter egg. Your feet are growing and developing quickly and will do so even when you are a teenager. It is so important to wear the right size and fitting shoes (and socks) to let your toes grow naturally so your feet stay a nice shape and don't hurt when you are grown up. Qualified Shoe Fitters are top bunnies - they have done their homework and know all about shoes and feet. For shoe fitting advice contact:
